

REPRESENT LABS INC.

Investment Milestone Proposal

\$1,000,000 Milestone-Based Investment

Verification costs covered separately · up to \$20,000

**\$50,000 ACTIVATION AT SIGNING — THE 200-
USER PROOF GATES EVERY DOLLAR AFTER**

Prepared for Phil and Investment Partners

Prepared by Lance Morrison (Founder & CEO) and Daniel Morrison (Co-Founder)

JUNE 2026 · CONFIDENTIAL

THE OPPORTUNITY

The most-watched provincial vote in a generation — and no honest way to measure it.

One date now sits in front of millions of people:

Alberta votes in an official 10-question referendum on October 19, 2026 — **129 days from now.**

Every answer available today is unreliable. Online polls, petitions, and social media can't tell a real Albertan from a bot, a duplicate, or someone two provinces away. The largest petition in Canadian history — 386,698 signatures — was dismissed in a single news cycle precisely because no one could prove the signers were real.

Represent is built to solve exactly that. Every user verifies with a government ID; their location comes from the document, not a checkbox; one person gets one vote, recorded on a public ledger anyone can audit. Our Shadow Referendum is already live — all 10 official ballot questions, in the exact official wording, open only to identity-verified Albertans.

On October 19, when Elections Alberta announces the result, Represent will hold **the only early count built entirely from verified Albertans** — checkable against the real outcome, in public, the same night. This proposal funds the campaign that turns that moment into a verified user base, and that user base into a company.

WHAT'S ALREADY BUILT

This is not a plan to build a product. The product is live.

- **iOS app — approved and live on the App Store**, with identity verification, location-gated voting, citizens-only ballots, discussion, and subscriptions
- **Browser voting — live**. Anyone can verify and vote from a shared link, with no app install
- **The Shadow Referendum — running now**. All 10 official referendum questions, verbatim
- **Identity verification — operational**. Government ID plus a liveness check, through a certified provider; we never store the documents
- **Organization tools — built**. Private, verified voting for unions, associations, and municipalities
- **Total running cost: \$125/month**. The two founders build and operate everything — no staff, no office, no agencies

Represent is independent. The Shadow Referendum is an unofficial, non-binding measure of public opinion. We never take a side — our only interest is verified turnout.

SIX GATES · EIGHTEEN MONTHS

Milestone Summary

PH	MILESTONE · WINDOW	WHAT IT PROVES	TRANCHE
—	Activate — foundation & launch AT SIGNING (JUL)	<i>Foundation + campaign engine, before August</i>	\$50,000
1	Prove — first paying attention MONTH 1 (AUG)	<i>People sign up; the engine scales on proof</i>	\$50,000
2	Alberta Verified — the Referendum Sprint MONTHS 2-4 (SEP → OCT 18)	<i>Albertans will verify identity at scale</i>	\$150,000
3	The Results Moment & Retention MONTHS 4-7 (OCT 19 → JAN)	<i>The platform survives its event; users stay & engage</i>	\$200,000
4	Government & Expansion MONTHS 7-12 (FEB → JUN 2027)	<i>Officials and governments adopt</i>	\$250,000
5	Scale & Revenue MONTHS 12-18 (JUL → DEC 2027)	<i>The market exists and will pay</i>	\$300,000

CUMULATIVE VERIFIED-USER TARGETS

200 registered (gate) → 1,000 verified (M1) → 3,500 (M2, by Oct 18) → 10,000 (M3) → 20,000 (M4) → **35,000** (M5)

0 → 35,000 IN EIGHTEEN MONTHS

Cumulative verified-user trajectory

Verified users, cumulative, June 2026 → December 2027. Milestone targets plotted at the close of each window. The open dot marks the 200 *registered* users gathered at signing – the proof gate before any further funding.

AT SIGNING

01

Activate — Foundation & Launch

TRANCHE \$0 • AT SIGNING (JULY) • TARGET 200 REGISTERED USERS

This \$50,000 is released at signing. It funds the work that has to happen before August: incorporation and the shareholder agreement, advertising compliance, and the creative and first ad campaigns that launch the referendum sprint. The investor's stake is issued in proportion – 1% if the structure goes no further – and **every dollar after this is gated by the 200-user proof.**

VERIFIED BEFORE THE NEXT STAGE IS RELEASED

- 200 registered users – real, unique individuals (no test or duplicate accounts)
- Majority located in Alberta
- iOS app live (*complete*) · browser voting live (*complete*) · Shadow Referendum live (*complete*)
- Company incorporated; equity and shareholder agreement executed with counsel
- Elections Alberta advertising compliance filed

HOW WE REACH 200 USERS (LOW SPEND)

- Personal networks – friends, family, alumni (U of C, Mount Royal, SAIT), colleagues
- Founder posts on Reddit (r/alberta, r/Calgary, r/Edmonton), X, Instagram, LinkedIn
- Direct outreach to petition signers, civic activists, and community leaders frustrated with the petition process
- The shareable hook – every proposal is a public link with a live tally; a recipient verifies and votes from their browser in about three minutes

T0 · ACTIVATION & PROOF

\$50,000

Budget — T0

CATEGORY	BUDGET	NOTES
Founder salaries	\$15,000	One month — two founders @ \$7,500
Legal — incorporation, equity, shareholder agreement	\$8,000	
Elections Alberta advertising compliance	\$3,000	Clears all paid referendum advertising
Brand & ad creative production	\$6,000	Statics, video, per-question cards
Launch marketing & ads	\$15,000	Stampede street presence + first campaigns
Creator partnerships	\$2,500	Alberta micro-creators, balanced roster
Infrastructure & tools	\$500	Hosting + software
TOTAL	\$50,000	—

SECTION 02 / 06

02

Milestone 1 — Proof & Readiness

TRANCHE \$100,000 · MONTH 1 (AUGUST 2026) · GATE: 200 USERS + T0 COMMITMENTS

This stage releases when the 200-user proof is verified. The job is to scale what works – the channels that brought the first users get real budget – and to publish the first public report, the Verified Alberta Pulse, showing where the first 1,000 verified Albertans stand.

Android stays deferred on purpose: the browser flow already serves Android users, so a native app before October would spend the scarcest resource, time, for almost no referendum impact.

TARGETS TO RELEASE THE NEXT STAGE

- 1,000 verified users
- Verified Alberta Pulse #1 published – where the first 1,000 verified Albertans stand
- Weekly public tally running (the “Sunday count”)
- Cost per verified user documented by channel
- First media coverage in Alberta outlets

MILESTONE 1 · PROOF & READINESS

\$50,000

Budget — Milestone 1

CATEGORY	BUDGET	NOTES
Founder salaries	\$15,000	One month — two founders @ \$7,500
Paid advertising	\$25,000	Scaled into the best-performing channels
Content & creative	\$5,000	Pulse report, weekly tally series
Creator partnerships	\$2,500	Expanding the roster
Community management	\$2,000	Moderation, user support
Infrastructure & tools	\$500	
TOTAL	\$50,000	—

SECTION 03 / 06

03

Milestone 2 — Alberta Verified: the Referendum Sprint

TRANCHE \$150,000 • MONTHS 1-4 (AUG 1 → OCT 18) • TARGET 5,000 VERIFIED

CAMPAIGN NAME

“Alberta Verified — be counted before October 19.”

The urgency line: don't wait for institutions to decide when your voice matters; verify now so you're counted when Alberta decides.

This is the proof the entire company rests on: that real Albertans will complete government-ID verification at scale, for a civic purpose, in a fixed window. Everything is pointed at one province for eleven weeks.

BENCHMARKS

- 3,500 verified users (80%+ in Alberta) — floor 2,500 with one 30-day extension
- Verification completion rate above 50% (started → verified)
- 100+ community-created proposals beyond the referendum questions
- Partner activation started — organizers, student associations, business & parent groups run partner-led votes
- Earned media: 3+ stories in Alberta outlets
- Sunday tally series published every week without exception

REFERRAL ENGINE (ALREADY BUILT)

Every verified user gets an invite code; both sides earn a free month of premium when the invitee verifies. Cash cost ≈ \$0; tracked weekly.

MILESTONE 2 · MARKETING PLAN***Paid digital* ≈\$58k across the sprint**

- **Meta (Instagram/Facebook):** Alberta 18–65, interest-targeted (provincial politics, news, community pages) – the workhorse channel
- **TikTok:** 18–34 Alberta; creative leans on the countdown and the “every poll can be bottled – this one can’t” hook
- **Reddit:** r/alberta, r/Calgary, r/Edmonton promoted posts
- **Google Search:** “alberta referendum questions,” “alberta referendum poll,” “october 19 referendum” – high-intent traffic straight to the landing page
- **Retargeting:** visitors who opened a /p/ link but didn’t verify
- All referendum-adjacent ads run only after compliance clearance from M1

***Creators* ≈\$10k**

10–15 Alberta micro-influencers (civic, news-explainer, community) – brief: explain one referendum question, link the matching public vote page. Both-sides creators deliberately balanced; neutrality is contract language.

***Grassroots* ≈\$7k**

- Campus activations at U of C, Mount Royal, SAIT, U of A in September (fall semester)
- Farmers markets + community events street teams, Calgary and Edmonton, weekends
- QR poster runs: coffee shops, community halls, campus boards, gun shows and farmers markets alike – the platform is for everyone, visibly
- Community associations; density waves – Calgary, Edmonton, Red Deer, Lethbridge, Grande Prairie, Fort McMurray, rural Alberta

***PR & earned* ≈\$4k**

- The pitch: “the only verified count of Alberta opinion – checkable against the official result October 19.” Plus data stories from aggregate tallies (“verified Albertans split 58/42 on Q7”) offered as exclusives to alternating outlets
- Op-ed: the 386,698-signature petition that was dismissed as bots, and what verification changes
- Weekly talk-radio availability – founder does every show that will have him

CAC MODEL — THE MATH BEHIND 3,500

Blended target of $\leq \$14$ per verified user – paid-social verified CAC modeled at \$20–25 (visit CAC \$4–6 × 30–40% verification completion, helped by the no-install browser flow), pulled down by organic (PR, Reddit, share-loop) at 30–35% of volume and referrals at ~10%. \$58k paid ≈ 2,400 verified; organic/referral/earned ≈ 1,100. Reported weekly per channel; the floor and extension are defined in advance so a near-miss can’t become a dispute.

MILESTONE 2 · ALBERTA VERIFIED

\$150,000

Budget — Milestone 2

CATEGORY	BUDGET	NOTES
Paid advertising	\$76,000	Meta, TikTok, Google, Reddit, retargeting
Creator partnerships (10–15)	\$12,000	Balanced roster, neutrality clauses
Content & creative	\$10,000	Weekly tally graphics, video, ad refresh
Campus, street & grassroots	\$8,000	4 campuses + weekend street teams
Founder salaries	\$30,000	Two months – two founders @ \$7,500
PR & media	\$5,000	Pitching, press materials, op-ed
Community management	\$5,000	Moderation at scale
QR posters & print	\$2,500	Province-wide
Referral program	\$1,000	Tracking (rewards are premium months)
Infrastructure & tools	\$500	
TOTAL	\$150,000	–

Verification costs ($3,500 \times \$0.40 = \$1,400$) covered by the investor's separate verification budget.

SECTION 04 / 06

04

Milestone 3 — The Results Moment & Retention

TRANCHE \$200,000 · MONTHS 4-7 (OCT 19 → JAN 2027) · TARGET 15,000 VERIFIED

October 19 is not the end of the campaign — it’s the single biggest **credibility event** in the company’s life.

The official results land, and Represent publishes the comparison: verified shadow count vs. official outcome, question by question. If they track, no other polling product in Canada can make that claim. If they diverge, the analysis of *why* (turnout demographics, verified-only sample) is itself a national story. Either way: we are the only ones who can have this conversation with receipts.

This milestone proves the platform outlives its launch event — the original “engagement” validation, now with a stronger hand.

- RESULTS COMPARISON PUBLISHED AT A PERMANENT PUBLIC URL

BENCHMARKS

- 10,000 verified users – floor 7,500 with one 30-day extension
- 30-day retention above 25%; average user has voted on 5+ proposals
- 500+ community-created proposals
- Results-comparison report published and covered by national media (2+ national stories)
- Alberta Verified Dashboard live – public stats page, refreshed weekly
- Users in 3+ Canadian provinces (Alberta case study → national curiosity)
- 2+ organization pilots started (community league, union local, association – paid or unpaid)

MARKETING PLAN

- **Referendum night:** results watch event in Calgary (livestream + venue), real-time shadow-vs-official comparison dashboard, press invited – the single best earned-media moment we will ever get; budgeted properly
- **The comparison report:** designed, public, permanent URL – becomes the company's flagship credibility asset for investors, journalists, and government buyers
- National PR push off the report; founder availability tour (national radio, podcasts)
- Paid acquisition continues in Alberta (retention cohorts) + expansion tests in Saskatchewan, BC, Ontario keyed to live local issues (Vancouver housing, Toronto transit)
- Retention engineering: push-notification programs (deadline reminders, results alerts – already built), weekly civic digest, badges/streaks
- SaaS North (Ottawa, Nov) – first investor/B2G conference outing, case study in hand

MILESTONE 3 · THE RESULTS MOMENT & RETENTION

\$200,000

Budget — Milestone 3

CATEGORY	BUDGET	NOTES
Paid advertising	\$100,000	Alberta retention + 3-province expansion tests
Founder salaries	\$45,000	Three months – two founders @ \$7,500
Referendum Results Night + dashboard	\$10,000	Venue, production, press
Content & creative	\$10,000	City-specific creative, digest, video
PR & media (national)	\$8,000	Report rollout, founder tour
Creator partnerships	\$8,000	National civic/news creators
Community management	\$8,000	Scaled moderation + support
Results comparison report	\$4,000	Flagship credibility asset
SaaS North (Ottawa)	\$3,500	Business-to-government, investors
Organization pilot enablement	\$3,000	Onboarding, demos
Infrastructure & tools	\$500	
TOTAL	\$200,000	–

Verification costs (6,500 new × \$0.40 = \$2,600) covered separately.

SECTION 05 / 06

05

Milestone 4 — Government Validation & Expansion

TRANCHE \$250,000 · MONTHS 7-12 (FEB → JUN 2027) · TARGET 30,000 VERIFIED

The investor's core question: will governments and officials adopt? We now answer it holding an asset no competitor has – *the Alberta case study*: a verified civic count of a real provincial referendum, compared against official results, with press coverage. Government outreach leads with that document.

BENCHMARKS

- 20,000 verified users; presence in 5+ Canadian cities
- 2+ elected officials or candidates actively using Represent with constituents
- 1 municipal pilot initiated OR 3 paid organization contracts – no deadlock on one council's calendar
- LOI or formal interest from 1+ additional municipality
- Media coverage of the government use case
- Android app live on Google Play (now worth the build: national scale demands it)
- US entry test: 1 US city campaign

MARKETING PLAN

- Paid digital expands to 6–8 Canadian cities + 2–3 US test cities; city-specific creative
- LinkedIn campaigns: municipal employees, city managers, clerks, public-engagement staff
- Municipal election-cycle campaigns where applicable – candidates as power users
- **Government Pilot Program:** free 90-day municipal trial, 3+ councillors onboard
- **Municipal roadshow:** in-person to 3–5 Alberta/BC councils; FCM Conference (direct access to municipal decision-makers nationwide); Code for America Summit (DC) for civic-tech credibility and US contacts
- **Org sales motion:** unions, associations, school councils – repeatable pilot playbook from M3's first two

MILESTONE 4 · GOVERNMENT VALIDATION & EXPANSION

\$250,000

Budget — Milestone 4

CATEGORY	BUDGET	NOTES
Paid advertising	\$120,000	8–11 cities, plus LinkedIn government targeting
Founder salaries	\$75,000	Five months – two founders @ \$7,500
Creator partnerships	\$10,000	20+ creators across markets
Content & case study	\$10,000	The Alberta case study package
Android development & QA	\$8,000	Play Store launch (contract)
Conferences – FCM + Code for America	\$7,500	Municipal + civic-tech
Municipal roadshow & sales materials	\$6,000	Council presentations, pilot decks
PR & media	\$5,000	Government-adoption story
Community management	\$8,000	Scaled
Infrastructure & tools	\$500	
TOTAL	\$250,000	–

Verification costs (10,000 new × \$0.40 = \$4,000) covered separately.

SECTION 06 / 06

06

Milestone 5 — Scale & Revenue

TRANCHE \$300,000 · MONTHS 12-18 (JUL → DEC 2027) · TARGET 50,000 VERIFIED

The final milestone proves Represent is a business: paying customers, documented unit economics, and a data room that supports a Series Seed at a step-up valuation.

BENCHMARKS

- 35,000 verified users
- 1+ paid government contract generating revenue
- \$10,000+ MRR from orgs + consumer premium; unit economics documented (CAC, LTV, retention)
- First hire made (marketing/community)
- Series Seed materials complete: deck, data room, 18 months of audited traction
- Product roadmap and 12-month hiring plan

MARKETING PLAN

- Full-scale Canadian campaigns + sustained US presence; programmatic awareness layer
- **SEO & content:** own “civic engagement platform,” “verified polling,” “public consultation software”
– the B2G search funnel
- Web Summit Vancouver (May 2027, ALPHA program) and a self-hosted **Future of Democracy** event in Calgary – thought-leadership positioning
- Convert M4 pilots to paid annual municipal contracts; org premium tiers scale
- **Series Seed process:** targeted outreach with the referendum case study + revenue proof

- **EXIT STATE: 35,000 VERIFIED USERS, REVENUE, AND AN AUDITABLE 18-MONTH TRACK RECORD**

MILESTONE 5 · SCALE & REVENUE

\$300,000

Budget — Milestone 5

CATEGORY	BUDGET	NOTES
Paid advertising	\$106,000	North American scale
Founder salaries	\$90,000	Six months – two founders @ \$7,500
First hire – marketing/community	\$40,000	Contract to full-time
SEO & content marketing	\$20,000	Business-to-government search funnel
Series Seed preparation	\$10,000	Deck, data room, legal
Conferences – Web Summit + Future of Democracy	\$9,000	
Creator program	\$8,000	Ongoing
Community management	\$6,500	Transitioning to the new hire
PR & media	\$5,000	Scale story
Government sales (travel, demos)	\$5,000	Pilot conversion
Infrastructure & tools	\$500	
TOTAL	\$300,000	–

Verification costs (15,000 new × \$0.40 = \$6,000) covered separately.

SIX FUNDING STAGES · EIGHTEEN MONTHS

\$1,020,000

Total Investment Summary

CATEGORY	FROM \$1M	SEPARATE	TOTAL
Paid advertising	\$442,000	—	\$442,000
Founder salaries (18 months, two founders)	\$270,000	—	\$270,000
Content, creative & brand	\$65,000	—	\$65,000
Creators & influencers	\$43,000	—	\$43,000
First hire (Milestone 5)	\$40,000	—	\$40,000
Events & conferences	\$30,000	—	\$30,000

Verification costs (covered separately)	—	\$20,000	\$20,000
TOTAL	\$1,000,000	\$20,000	\$1,020,000

ALLOCATION OF THE \$1,000,000

Where the money goes

Two-thirds of the round is growth and the people doing the work. 44% of the total goes to paid advertising – the engine that turns the referendum’s attention into verified users – and 27% pays two full-time founders below market, with no other staff until the final stage.

JUL 2026 → ONGOING

Event & Conference Calendar

EVENT	LOCATION	DATE	BUDGET	PURPOSE
Calgary Stampede street presence	Calgary	Jul 3-12, 2026	\$2,500	<i>Guerrilla QR presence at Alberta's largest event</i>
Campus activations (×4)	Calgary + Edmonton	Sep 2026	\$5,000	<i>U of C, MRU, SAIT, U of A</i>
Referendum Results Night	Calgary	Oct 19, 2026	\$10,000	<i>The credibility event – press, live comparison</i>
SaaS North	Ottawa	Nov 2026	\$3,500	<i>B2G SaaS, investors</i>
Code for America Summit	Washington D.C.	Spring 2027	\$3,500	<i>Civic tech, gov contacts</i>
FCM Conference	Canada	2027	\$4,000	<i>Municipal decision-makers</i>
Web Summit Vancouver	Vancouver	May 2027	\$4,000	<i>Global startup stage</i>
Future of Democracy (self-hosted)	Calgary	2027	\$5,000	<i>Thought leadership</i>
Platform Calgary demo nights	Calgary	Ongoing	Free	<i>Local community</i>
Government events circuit	Various	Ongoing	\$3,000	<i>Provincial/state</i>
TOTAL			\$40,500	

HOW THE INVESTOR IS PROTECTED

Investor protections

\$50,000 at signing – the 200-user proof gates everything after.

The investor only ever funds what is already working.

No stage releases until the previous stage's targets are independently verified.

Database audit access offered.

A defined floor and one 30-day extension on the referendum-sprint and results-stage user targets.

Agreed up front, so a near-miss is never a dispute.

A monthly one-page report.

Verified-user growth, cost per verified user by channel, financials, top three risks.

Board seat or observer rights; quarterly financial statements.

Compliance is non-negotiable.

Elections Alberta advertising rules cleared before any paid referendum advertising; a permanent ban on political advertising; the independence and non-binding disclaimer on every public material.

Equity Terms

\$5,000,000	\$6,000,000	20%
PRE-MONEY	POST-MONEY	FULLY-FUNDED

The investment of \$1,000,000 is offered at a **\$5,000,000 pre-money valuation (\$6,000,000 post-money) for 20% fully-funded.**

Proposed structure – equity released pro-rata with capital: rather than transferring the full 20% on signing, shares are issued tranche-by-tranche as capital is deployed (1% at T0, 1% at M1, 3% at M2, 4% at M3, 5% at M4, 6% at M5 – totals 20% at full funding). This protects both sides: the investor never holds equity beyond capital actually invested, and the company never sells a fifth of itself against funds that benchmarks may not unlock. Alternative implementations with identical economics (tranche-priced share issuances, or warrants vesting per tranche) are acceptable; legal counsel at T0 papers whichever both parties prefer.

If the investor requires the full 20% on signing, the company requests a reciprocal commitment: tranches become obligations subject only to benchmark achievement (not discretionary), with an agreed remedy (equity clawback or buy-back at cost) for any tranche not funded after benchmarks are met.

WHY THIS PLAN, IN ONE PARAGRAPH

Alberta is about to hold the most-watched provincial vote in a generation, and Represent is the only platform on which the same ten questions are being answered exclusively by identity-verified Albertans, with results that anyone can audit. This plan spends the investor's first dollars where attention is cheapest — the 129 days before October 19 — banks the credibility event of the official-versus-verified comparison, and then sells that proof up the chain: to retained users, to organizations, to municipalities, and ultimately to a Series Seed with eighteen months of audited traction. Beyond the activation tranche, every dollar buys a specific proof, and none is released until the previous proof exists.

REPRESENT LABS INC. · JUNE 2026 · CONFIDENTIAL

Lance Morrison, Founder & CEO
